FIFTEEN CENTS

SPECIAL OCCASION SWEETS — Anthony Tornabene works on special occasion candy trays at new candy store on Lake St. — Photo by Gloria Davis.

Sweet 150 years

Lake St. has Candyman again after 40 years

by GLORIA DAVIS

Forty years ago Ted Polis had a candy store right next to the Antioch Theater on Lake St.

Now, there is a new candy store, Meta's, in the same spot.

"When we decided that this would be a perfect spot to open our store we never dreamed it had been a candy store before," said Anthony Tornabene, the young 24-year-old, who is running one of Antioch's yummiest new businesses.

He added that, not only had Polis's daughter stopped into tell him this, but at least 30 or 40 other people have dropped in to tell him how happy they were to see a candy store return to that spot.

Tony has been working with his mother and dad, Betty and Leonard Tornabene the business's owners, on their new venture in the village. The Tornabene's own another sweet shop in Chicago.

They are the third owners of a candy business that was started back in 1945 by a German-Jewish lady named Meta in her kitchen in Chicago.

The elder Tornabene worked for Curtiss Candy Co. for 28 years before buying Meta's receipes and methods 15 years ago.

"Between the two ladies that work for us and my dad there is 150 years of knowledge and working in the candy business," said Tony.

Tony himself, who by the way has been working with his dad making candy since he was 10-years-old, is no stranger to the culinary arts.

He has a degree in restaurant management from Triton College in River Grove where he helped cook for the Chicago Bears at their training camp.

Not only are Meta's chocolates all freshly made of natural ingredients with no preservatives but some very unusual specialities are being offered in the cute little candy cubicle near the corner of Lake and Main St..

There are large heart and star shaped candy trays for special occasions such as wedding receptions etc.. And no matter what the age, Meta's has something to appeal to the sweet tooth from the train in the window filled with goodies for the kids, all at just 35 cents apiece, to the giant suckers shaped like a lovely lady in a bikini, to the vast array of turtles, chocolate covered strawberries and original recipe mints that fill the candy case.

Now, not only can one find Meta's fine candies on the northshore of Chicago and its lakeshore, but the best in sweets is also available to Antioch and its surrounding communities.

200 athletes receive awards from Lions

The Antioch Lions Club 42nd Athletic Banquet, held Monday evening, was attended by over 200 senior athletes, cheerleaders, pom pon, color guard, state qualifiers, most valuable athletes and their parents.

The athletes, coaches and sponsors were guests of the local club in which recognition was given to the athletes for their many accomplishments.

William Mallory, varsity football coach at Northern Illinois University was the guest speaker. The former Miami of Ohio and Colorado football coach gave a very informative message to the young athletes. He indicated the four requirements that are needed for anyone to be a success in any endeavor or activity which they might undertake in life.

Lion James Rockow acted as master of ceremonies for the evening. President Joe Hunley welcomed the athletes and guests. Senior Chris Becker represented the athletes and gave the response to the welcome.

Father T.A. Bessette, St. Ignatius Episcopal Church, gave the invocation. Special thanks to the various athletes and teams were given by Supt. Warren Polley and Principal Arthur Blecke.

Special recognition was given to the individual state qualifiers: Debbie Belli, Kim Belli, Karolyn Richter and Carolyn Stanley in tennis; Debbie Adams and Laura Hieden in track; George Bessette, Steve Case, Andy Lehn, Jeff Nieze, Bill Carney, Tad DeRousse, Dave Mannina and Ken Sandrik in wrestling.

President Hunley, with the assistance of

Lion William Seemann, made the awards for the most valuable. Ward Lear, athletic director, indicated the accomplishments of the most valuable and the senior nominees for outstanding seniors.

Lease snags plans for new nursery school

Plans for the building of a nursery school at 689 Main St. are progressing although they have been snagged by the fact that the people residing in the house on the proposed building site have a lease until April 1984.

Jean Kelly, owner of the Treehouse Nursery School in Lindenhurst is building the school and has already received a special use permit from the Antioch Village Board for its construction.

The two out buildings on the property have been slated for immediate demolition so that a required fence can be constructed in their place, separating the school from the new high-rise senior citizen housing complex.

"It may be some time before the actual school construction takes place," said Antioch Village Clerk Marilyn Sterbenz, ex-

Plans for 3 traffic lights progressing

The first step has been made in carrying out a plan to install traffic signals at the intersection of North Ave. and Main St.

At a meeting of the Chicago Area Transportation Services (CATS), held on Tuesday, May 23, the motion was made and approved for the funding of the engineering study required for the project.

The cost of the project will be picked up by federal, state, county and village funds with the village slated to pay \$17,875 as its share.

Meanwhile plans for the replacement of the two existing traffic lights at the intersections of Rtes. 173 and 83 and Rtes. 173 and 59 with new lights are still on the drawing board.

The village still has to approve the final plans and pass some ordinances regarding encroachments.

"There is no problem with the one at Rtes. 173 and 83 but we are still waiting on a call back from the state on the deacceleration line by the new Jewel," said Antioch Village Clerk Marilyn Sterbenz.

She added that the board was also waiting for contact with Jewel Foods on the situation.

USING DENTAL FLOSS

Q: What is the proper way to use dental floss?

A: Break off a long piece of floss; from 15 to 18 inches allows enough to wind one end around the middle finger of each hand. Let your thumbs and forefingers guide the center section of floss gently up or down to the gumline between teeth, then back and forth or up and down against sides, front and backs of teeth. This will dislodge and remove food particles and sweep off collected plaque. Avoid snapping floss against gums, as this can irritate them and make them bleed. Your dentist can check your flossing technique with a special plaque stain to see just how effective a job you're doing. Actually, the best teacher for flossing is your dentist!

If you'd adjust to summer, we might not have to.

Starting the day your meter is read after May 15, electric rates will go up for the summer. To just under 10¢ per kilowatt-hour. That's because people use so much electricity

in the summer that it costs us more to make. And your costs reflect our costs.

So use a little less air conditioning—a little less electricity. Simply keeping your home at 78 degrees would help a lot. Help keep your summer bills down and still keep you comfortable.

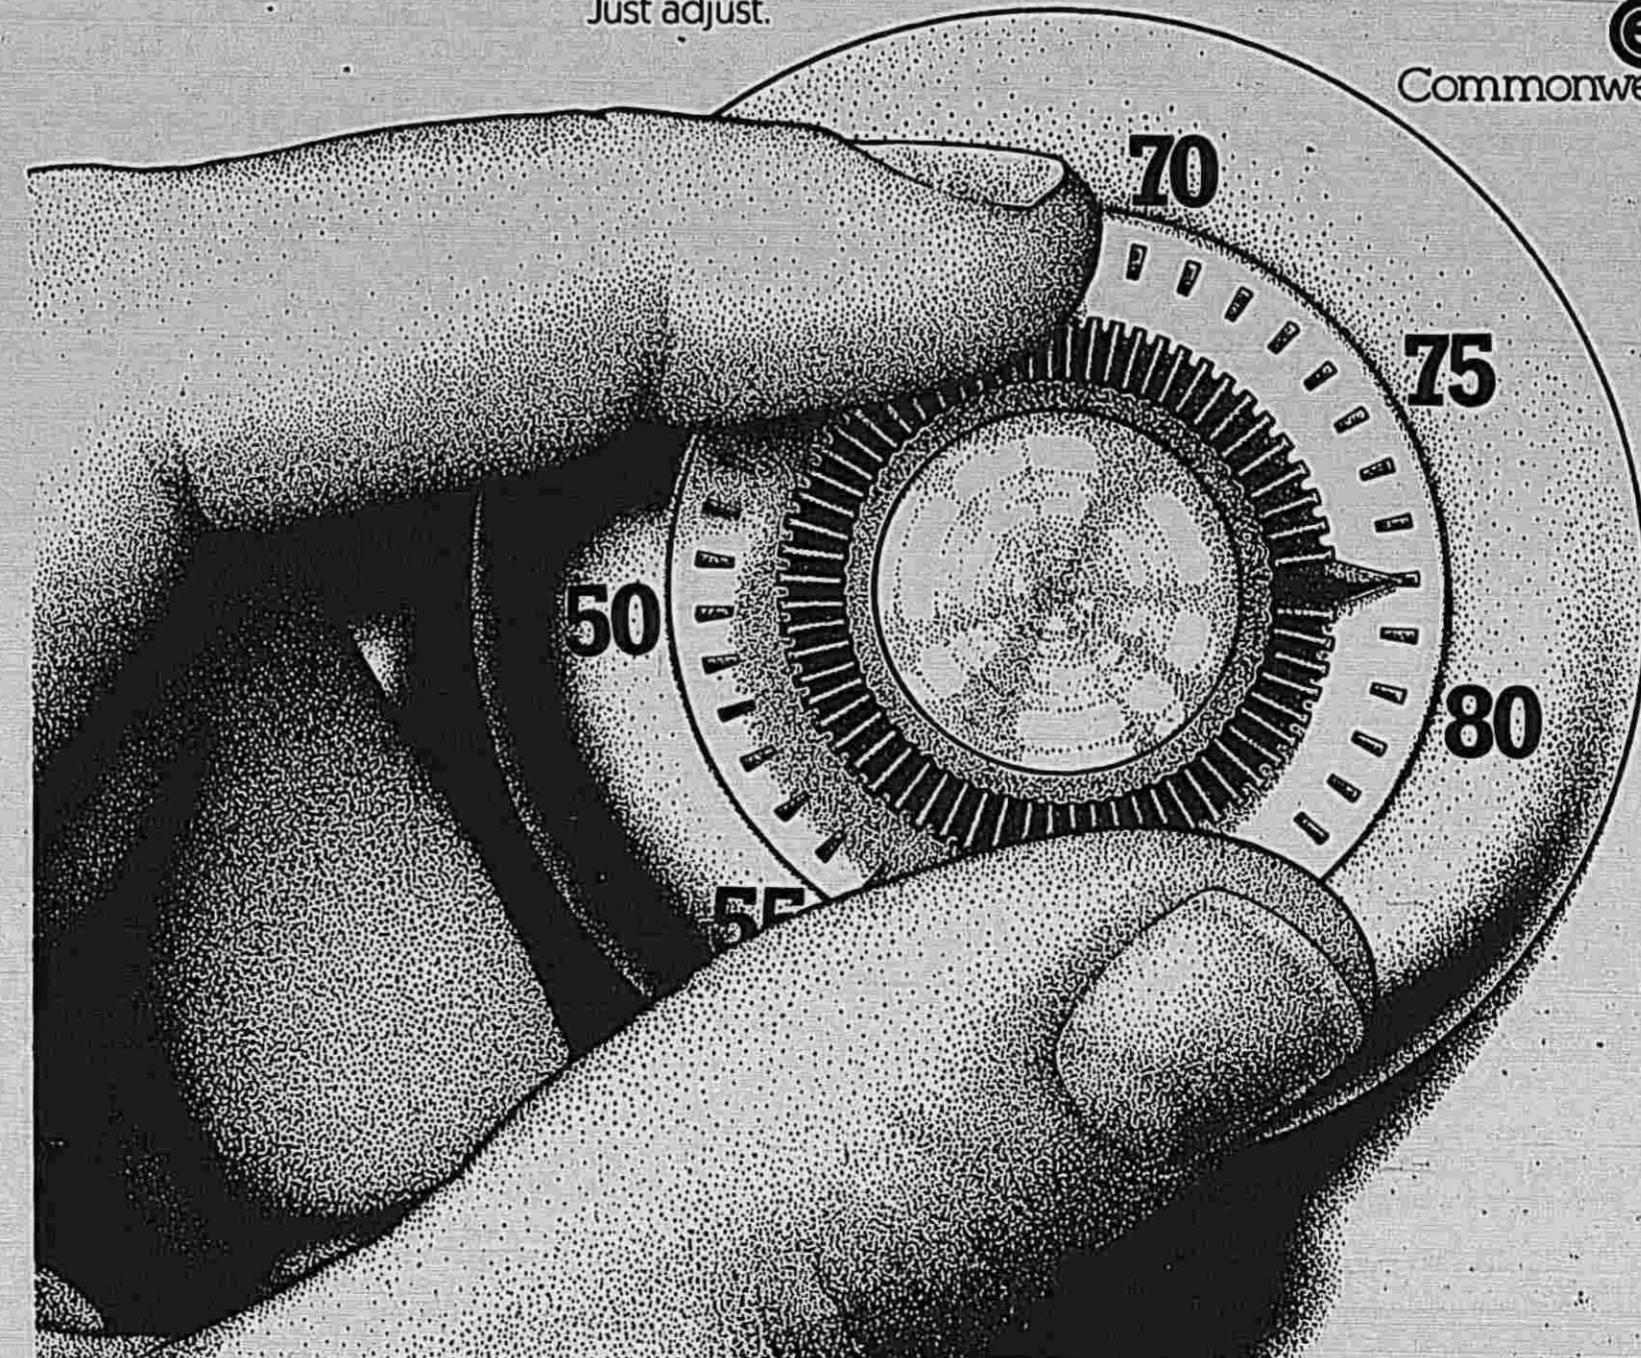

Of course, your rates are lower (just under 8¢ per kWh) the rest of the year to compensate. Which lets people without air conditioning actually save money over the year.

We've put the best summertime energy-saving tips we know—especially for people about to buy air conditioners—into a booklet called Saving Energy Dollars With Air Conditioning. It's yours free if you write to: Energy Information, P.O. Box 767, Chicago, Illinois 60690.

You'll find that saving energy and money is easier than you think. Just adjust.

'Sly Fox' opens at PM&L, June 3

PM&L Theatre's next community theatre presentation is the hilarious satiric farce "Sly Fox". Performances will be held on June 3, 4, 10, 11, 17 and 18 at 8:30 p.m. and June 12 at 2:30 p.m.

The theatre is located at 877 Main St. in Antioch. An able crew is hard at work smoothing the way for the talented cast to bring "Sly Fox" to life.

The play is set in San Francisco at the turn of the century. The set has been cleverly constructed by Hank Apostol. It captures the mood of sailing ships, gas lights, four poster beds, massive chairs, and a treasure chest filled with a king's ransom.

The play was to be directed by Ken

Smouse. He was able to cast it before learning that he had to undergo heart surgery. He has now undergone successful bypass surgery and is recovering well.

In the meantime, Tom Hausman has taken over the directing duties. Tom recently directed PM&L's successful "Mornings at Seven" and Wilmot High's equally successful "Guys and Dolls".

Assisting him as stage manager is Aileen Biel. She is also handling all the props with the aid of Elmaire Beno, Bill Grafke, and Jennifer Biel.

The lighting will be handled by Carol and Mike Gosche. Sue Stanton did the posters, Betty Smouse, Bill Grafke, and the director

Sequoits in regional final May 31

After an extra inning win against Libertyville on Saturday, May 28, the Sequoit varsity baseball team heads for the regional finals on Tuesday, May 31, when they play Waukegan West at Waukegan West.

Vince Gawrecki, who has an 8-1 season record, will be

on the mound for Antioch. If the Sequoits are victorious in Waukegan, they will head for the sectionals at Dundee High School on Saturday, June 4.

Antioch's overall record for the season to date is 17-3.

In the Illinois High School Assn. (IHSA) Regional Quarterfinals, played on

Thursday, May 26, the Sequoits destroyed Zion-Benton, 20-3.

Gawrecki was the winning pitcher, throwing four strikeouts and one walk and allowing no hits or runs in the three innings he pitched.

"The problems we were having at the beginning of the year with not hitting when men were on base are gone," said Coach Tom Baba.

With the score 6-0, the Sequoits went on a rampage in the third inning, knocking the score all the way to 15-0.

At this point Antioch's overall record was 16-3.

Then on Saturday, it took nine innings, but Antioch took Libertyville, 9-5. Gawrecki again was on the mound and came through with the win.

It was nine runs, 15 hits and two errors for Antioch and five runs, six hits and one error for Libertyville.

John Silanoff had a single, a double and three RBIs; John Humphreys had a double; Craig Prather two doubles and one RBI; Gawrecki two singles and one RBI.

The turning point of the game came in the sixth inning, with Antioch losing 4-2. After one out, Joe Bissing walked and Derek Olson had a base hit, moving on to first and second. Both advanced a base on a wild pitch.

Then, with two out, Humphreys hit a double, scoring Bissing and Olson.

Lester Zitkus and Craig Prather walked to load the bases and Gawrecki drove in Humphreys.

Libertyville tied the game up again, 5-5, in the bottom of the seventh.

As the game went into extra innings, Antioch put it away in the top of the ninth when Prather led-off with a double. With one out, Jerry

Haling hit a two-run homer. After two outs, Bissing singled and Olson walked, both advancing a base on a wild pitch.

Then Silanoff doubled, scoring Bissing and Olson.

Baba commented on the fact that the Sequoits had relied on their pitching at the beginning of the season and still do, but now know that they can also come in and hit the ball.
